721 North 2nd Street
St. Louis, MO 63102

District News

Last month, Wayne Brinkman announced the current slate of officers that will be voted on to begin serving in January. We are seeking candidates for the Membership Chair, if you or someone you know would be interested in serving our section in this area, please let us know. Also, we will be voting on the slate of District Officers.

As mentioned at the October meeting, we resolved the technical glitch and are now able to accept credit card payments at the door. As we start, we ask that you be a little patient as we adjust as this may add a few minutes to your check-in time at the meeting. We hope to allow for online meeting payment shortly, so be looking for that option soon.

Our November meeting will feature a technical presentation from David Scheuerman from Ball Corp on the manufacturing of cans as we continue our series on packaging.

Also, we are accepting sponsorships for the Holiday Party online. Please have all interested sponsors contact Brad Miller or Dustin Chalfant if payment or registration online is not available.

Membership

Please welcome our newest members:

- Sarah Pearce – ICC, Inc.
- Joel Cotton – ControlTech Automation
- Rusty Riley – Malt Handling, LLC

Education

If you have any suggestions for education events or upcoming opportunities, please let us know.
