February Speaker – Keith Seiz

Our February Speaker is Keith Seiz, Ingredient Marketing Representative for the National Honey Board. He will be discussing brewing with honey. Keith Seiz has spent the last six years traveling the country talking to brewers about honey. From the bee to the bottle, this amazing ingredient adds complexity to beer well beyond sweetness. In this presentation, Keith will detail best practices for brewing with honey on the hot and cold side, and also conduct a tasting of beers brewed with honey varietals from around the world.

January Speaker

Our January event was held at Anheuser-Busch Inbev (ABI). It featured a technical presentation by Tiago Darocha, Global VP of Brewing and Quality for Anheuser-Busch. We would like to extend our thanks to Anheuser-Busch for hosting and sponsoring the event, and to Tiago for presenting.
